Caring for your Merinosoft Knitwear

To ensure long life and comfort from your Merinosoft Knitwear, we recommend the following care and cleaning guidelines:

- Wash as per the care label.
- Wash inside out to maintain shape and appearance.
- Avoid over drying as this may cause shrinkage and creasing.
- Lay flat to dry to retain original shape.
- Remove excess water by spinning to help tumble drying.
- Dry on warm heat to avoid excessive evaporation.
- Do not iron, dry clean, bleach or tumble dry with other garments.
- Remove before hand-washing.
- Lay flat in shade to dry rather than tumble drying.
