

Dear Parents and Caregivers,

RE: 2024 Back to School Booklist for Kindy

It's that time of the year, again, when we forward plan our resources and requirements for the successful continuation of our learning in 2024. Our College always strives to work in partnership with our students' families and it has, again, reviewed the list of equipment, stationery items, necessary for each year level to function efficiently. For simplicity and cost effectiveness, the college will once again order the majority of supplies and textbooks in bulk. Parents will be charged a levy on school fees to cover this.

Please find the breakdown for your child's 2024 booklist below outlining those items which are to be provided by parents, those that will be retained and those supplied by the college. Should you have any queries, please direct your questions to Mrs Sutherland or Mrs Paparella.

RETAINED FROM 2023	PARENT TO SUPPLY	COLLEGE TO SUPPLY
